

Conference Structure

The COMS2009 conference begins on Sunday August 30, 2009 with the opening of the exhibition, workshop and a welcome reception. The technical program starts on Monday August 31 and ends in the afternoon of Wednesday September 2.

Post-Conference activities will be arranged.

The technical program will feature plenary and invited presentations by leaders from around the globe.

Administrative and General Information

The primary source of information about COMS2009 is the conference website:

www.mancef-coms2009.org

Questions about further information may be directed to:

info@mancef-coms2009.org

Questions about abstracts may be directed to:

abstracts@mancef-coms2009.org

Companies interested in participating in the commercial exhibition please contact:

exhibition@mancef-coms2009.org

Companies interested in sponsoring the event please contact:

sponsors@mancef-coms2009.org

Scope of Conference Topics

- Outlook - Challenges in Commercializing Micro-Nano-technologies
- Global Market Analysis and Latest Trends in Industry
- Investments - Corporate, Government and Venture Capital
- Business Models, Roadmapping and Entrepreneurship
- Education, Innovation and IP Issues
- Partnership and Collaboration Models
- Commercialization Strategies for Academic Research Institutions
- The Role of Micro-Nanotechnology Competence Centers
- MNT for Health and Life Sciences
- MNT for Sustainable Energy and Environment
- MNT for Automotive, Safety, Sensors and Space
- MNT for Electronics and Communications
- Applications of Nanotechnology in the Food Industry
- Tools and Technologies
- Design, Integration and Manufacturing Challenges
- A Scandinavian Perspective

Key Dates

Conference: August 30-September 2, 2009

Abstract submission: May 4, 2009

Author Notification: June 27, 2009

Manuscript Deadline: July 27, 2009

Low rate registration: June 30, 2009 (early bird)

The MICRO NANO Event of the Year

COMS
2009 

Commercialization of Micro and Nano Systems

From Concept to Marketplace

14th annual Conference • Copenhagen • Denmark
August 30 - September 2 • 2009

From concept to marketplace COMS2009

COMS2009 is the 14th annual conference on commercialization of micro- and nano-systems.

COMS is the leading annual conference on micro- and nano-technology commercialization and education. The COMS conference is not just about the science like so many other micro/nano meetings. It is also about **how to turn research and theory into commercial products.**

COMS brings together leaders in the field from across the world, who represent institutions, organizations and companies from almost every sector of the community. These include leading industrialists, end users, researchers, equipment vendors, customers, VCs and angel investors, educators, media, professional organizations, and government.

COMS is a cocktail of networking, workshops, and scientific presentations. The place where people share knowledge, learn from each other, and discuss and debate points of view – all of which contribute to the advancement of this emerging field. For everyone concerned about future economic and business development through the exploitation of MNT, COMS2009 is unmissable.

The accompanying exhibition will cover all aspects of the technologies related to commercialization and provide an ideal environment for new business development.

Local Organizers

Location

Copenhagen

One thousand years of history awaits you on the medieval streets of Copenhagen. These are the same streets walked on by every generation of the world's oldest royal family, the same streets and canals which have inspired artists for centuries and which have been home and workplace to meticulous craftsmen and famous designers.

You are invited to explore the heterogeneity of Copenhagen: The famous Tivoli Gardens, which is one of the world's oldest amusement parks; the spectacular Black Diamond extension to the Royal Library; the renowned Louisiana Museum of Modern Art; the Opera House and last but not least, Europe's longest pedestrian shopping street, "Strøget".

Nearby Copenhagen you can experience the Viking Museum in Roskilde and Hamlet's Kronborg in Elsinore.

Conference Venue

The conference venue is the Radisson SAS Falconer Hotel; a modern hotel-, meeting- and event-centre. The conference venue is located in Frederiksberg which is one of the most charming areas in Copenhagen. Public transportation, including the Copenhagen Metro subway, is within walking distance and the Copenhagen Airport is a mere 20 minute drive away.

Accommodation

Accommodation will be available at hotels in downtown Copenhagen, within walking distance from the conference venue. Specific information on accommodation will be available on the COMS2009 website.

COMS2009 at a Glance

Sunday

- Pre-Conference Workshop
- The traditional COMS Golf Tournament
- Exhibition opens
- Welcome reception

Monday

- Official Conference Opening
- Technical Program
- Official reception at the Copenhagen Town Hall

Tuesday

- Technical Program
- Award and conference dinner will be held in one of the fantastic settings in Copenhagen

Wednesday

- Technical Program
- End of Conference and closing of exhibition
- Optional guided tours

Thursday

- Post-Conference Workshop - to be announced
- Visit to local companies and DTU - to be announced
- Optional guided tours - to be announced

Program for accompanying persons will be arranged

Registration and fees

Special rates will be available for early registrants and for students. The deadline for early bird registration is June 30, 2009.
